

April 21, 1949

Mrs. Elmer S. Watson, Corresponding Secretary
The Hartford Smith College Club
c/o 808 Ridge Road
Methersfield, Connecticut

Dear Mrs. Watson:

I want to thank the Hartford Smith College Club for its gift of the chimes to station WCSR. We appreciate more than we can say the interest and support of the Alumnae in helping us in our endeavor to make WCSR meet the standards of the top college stations in the country.

Soon after your letter was received, we got in touch again with Mr. De Bruler who has not been able to give us an estimate as yet on how much the replaced pipes will cost. But he is working on it and we will let you know his findings as soon as we can.

The Club feels that the suggestion about inscribing the chimes is an excellent idea, for it will be another of the many links that unite the students with the Alumnae.

Please be sure to drop in and let us show you over the station on your next visit to Northampton. It is open any time.

Sincerely,

Patricia Bradford Butler
Station Manager
